Re: Professional Roofing Group

The Owners of Park Wynd Strata NW2690 have known Gregg McBurnie of the Professional Roofing Group since 1998 when we began working with him to maintain our cedar shake roofs. We found Mr. McBurnie to be extremely knowledgeable about the care and maintenance of cedar shake roofs. He introduced our owners to the concept of looking at the total lifetime cost for capital and maintenance for our roofs and worked with us to develop a plan to extend the life of our cedar roofs and safely extract the value that we had paid for when we purchased our homes.

The work done by Professional Roofing Group has resolved our worries about roof problems and about when to replace our roofs. We are now completely confident of years of problem free service from our roofs and we are pleased with the visual improvement of our roofs.

We are very satisfied with the work done by Professional Roofing Group. It was performed in a timely, safe and efficient manner. Mr. McBurnie responded politely and quickly to any concerns that were raised. We recommend the Professional Roofing Group without reservation to any homeowner who is looking for professional assistance in maintaining their cedar roofs.
